Hi Tareq, we have created i website on lovable exported and now we need to clean it up and make it functional. It is for an NGO for Women Health. Can you help?

Oct 11, 8:27 PM

Me

Hello Floriana,

Oct 11, 8:31 PM

It's great to be connected with you. With over 5 years of experience in development, I've helped many businesses achieve success, and I'm confident I can bring the same level of expertise to your Women's Health NGO website. My focus is not just on completing the project but on delivering a solution that truly addresses your business needs.

Oct 11, 8:37 PM

I believe Lovable is quite a limited platform for developing a website with full functionality. To ensure the success of your website, I would suggest considering another platform that allows for more flexibility, customization, and scalability to better meet your needs.

Oct 11, 8:42 PM

Let me know if you'd like to discuss other platform options. I'm happy to help you make the best choice for your project.

Oct 13, 10:53 PM

Looking forward to your response!

Oct 13, 10:53 PM

Best regards,

Oct 13, 11:07 PM

F

florianadibuono

Hi Tareq, I have already taken it out and is on my github, so you could work on the code

Oct 13, 11:23 PM

Me

May I know the main goal of your website? I'd like to provide a more permanent and flexible solution that allows you to easily make updates yourself.

Oct 13, 11:28 PM

Based on your requirements, I recommend using a CMS platform for development – it will make content management and future modifications much simpler.

Oct 13, 11:29 PM

Let me know your goal.

Oct 13, 11:30 PM

F

florianadibuono

Hi Tareq, so the website will be basically be a way to get donation, express vision and mission of the project, and update events and projects

Oct 14, 12:05 AM

F

florianadibuono

Do ou want to set up a call to see if you can help us?

Oct 14, 12:09 AM

Me

Sure, let's schedule a meeting in the morning. Let me know when you'd be available from 7 am to 12 pm your time??

Oct 14, 12:19 AM

Looking forward to your response. Thank you.

Oct 14, 12:23 AM

florianadibuono

11am? Can we call via fiverr?

Oct 14, 12:35 AM

Me

Yes, we have to attend the meeting via fiverr.

Let's lock in 11 am then, and in the meantime, please share if you have any design preferences or existing assets.

Thank you.

F

florianadibuono

Can i send you the netlify link ?

Me

Yes, feel free to send me the Netlify link. I'll review it and get a better understanding of the current setup so we can move forward with the updates and improvements.

Looking forward to seeing the site :D

F

florianadibuono

<https://shecaresproject.netlify.app/>

Me

Thanks for sharing the link.

Could you please clarify what specific areas you'd like cleaned up or made more functional on the website? Are there any particular features or sections you'd like me to focus on improving? This will help me tailor my approach to your needs.

Looking forward to your response.

F

florianadibuono

design, there are definitely things i would like to change, functionality, the webiste is not functional, donations and I am open to ideas

Me

Great. Feel free to share reference websites/design ideas and I will start the project first with the Figma design. Once you approve, then we can move to the functionalities.

I'm waiting for the design idea. You can share your competitor's site, and I will make sure to create an even better one.

can we have the call tomorrow before I share all this ?

Me

Oct 14, 12:37 AM

Absolutely. If you want we can have the meeting right now as well.

Are you okay with that? You can share your requirements and everything right away and we can start the project as soon as possible.

florianadibuono

Oct 14, 12:38 AM

I have a deadline, can we do it tomorrow? for the requirements I am waiting for my partner to confirm it

florianadibuono

Oct 14, 12:40 AM

I mean a work deadline, so I am working on this right now

Me

Oct 14, 12:40 AM

Sure, no worries at all, take your time with your partner, and we can discuss everything at 11 am your time.

florianadibuono

Oct 14, 12:43 AM

I would also understand first what's the price more or less for the project, as this is an NGO we have a bit of a limited budget

Me

Oct 14, 12:49 AM

I understand the budget constraints, and I'm happy to work within that range

Based on the scope of work and the need for a CMS solution, the estimated price would be around \$300-\$800 USD, depending on the final requirements and the complexity of the functionality.

We can discuss the details further during our call tomorrow, and I'll ensure that we stay within your budget while delivering a functional and clean solution.

florianadibuono

Oct 14, 4:01 PM

Hi Tareq, can we have the call in the afternoon if you do not mind?

Me

Oct 14, 4:09 PM

Hello Florianadibuono,

It's already afternoon here in Bangladesh. Could you please join the call in about one or two hours?

Thank you for your understanding!

florianadibuono

Oct 14, 4:21 PM

I can join the call now

florianadibuono

Oct 14, 4:21 PM

Where do I join the call?

Me

Oct 14, 4:25 PM

Please allow me a moment to get the Zoom meeting ready on Fiverr. I'll be with you shortly.

Thank you for your patience!
